I hereby apply for admission to the doctoral study programme:

CHEMISTRY

0 4

Major Field:

Tuition fee will be paid by:

Institution in which the
doctoral dissertation will be
perform:

Proposed academic supervisor
(mentor):

Research topic proposal:

Master's degree:

The name of the
university where
student obtained
his/her diploma

Year of graduation

¹ You are obliged to send all documents by mail or to deliver them personally to the Registrar's office. In addition to that, please submit this form electronically to this e-mail: doktorski.studij@chem.pmf.hr

**Graduate thesis
title / mentor**

Grade point average (2 decimal places)

**Current employer
(If employed):**

Date of application (day-month-year)

- I hereby confirm that all the data in this form are correct.
- I agree that my name and surname can be published online for the purposes of scheduling during the admission process and subsequent course schedules.

Signature of the candidate

Please enclose the following documents:

- CV
- degree certificate (diploma) of (under)graduate study (certified transcript or certified photocopy)
- certified copy of the citizenship certificate or e-citizenship certificate (Croatian citizens) or a document from which citizenship is visible (foreign citizens)
- certified transcript of the grades with the calculated average (certificate of transcript of all grades acquired in undergraduate study and calculated average of the grades); if in the enclosed transcript of the evaluation the Croatian grading scale (1-5) is not used, it is necessary to indicate correspondence to the ECTS grading scale (A, B, C, D, E, F)
- decision on the recognition of foreign higher education qualifications (for foreign citizens and for applicants who have completed university studies abroad) (<http://www.unizg.hr/homepage/study-at-the-university-of-zagreb/academic-recognition-of-foreign-higher-education-qualifications/>).
- certificate of knowledge of Croatian or English language (for foreign citizens)
- consent of the institution in which the doctoral dissertation will be prepared (only for Biology, Geology, Chemistry and Interdisciplinary doctoral study in Oceanology studies, while for other studies no prior consent is required)
- if existing, evidence of prior scientific and expert work (offprint of scientific and expert works and conference reports)
- recommendations of the mentor of the Master's (graduate) thesis and a potential mentor of the doctoral dissertation
- a short proposal of research that would be carried out within the framework of the doctoral dissertation, signed by a potential mentor
